

<<Team Name Status Report Week (3)>>

Project Summary

This week, we created our Use Case diagram for our project. A Gantt chart was also created.

Team Members – (Hours Worked on Project)

AJ Saporito - 2

Tristen Jussaume - 4

Completed Tasks from Last Week – (Task Owner)

Last week, we decided on a project idea, picked technologies and hosting services, and brainstormed features.

<u>Planned Time</u>	<u>Actual Time</u>	<u>Remaining Hours in Budget</u>
8	6	2

Planned Tasks for Next Week – (Task Owner)

Next week, we will meet to create prototypes/wireframes.

Project Risks – (High, Medium, Low)

Low – creating prototypes and agreeing on a final solution.

Overdue Tasks

No overdue tasks.

Issues

No issues.

Follow-up Actions – (Responsible Person)

Update Gantt chart and start thinking of the database design.
