<<Team Name Status Report Week (4)>>

Project Summary

This week, we created some of the wireframes. However, we did not finish everything due to not planning enough time.

Team Members – (Hours Worked on Project)

AJ Saporito - 2

Tristen Jussaume - 2

Completed Tasks from Last Week – (Task Owner)

Last week, we finished the Use Cases diagram and started creating wireframes.

Planned Time	Actual Time	Remaining Hours in Budget
4	4	0

Planned Tasks for Next Week – (Task Owner)

Next week, besides finishing prototypes, we will complete the database design and the midterm presentation.

Project Risks – (High, Medium, Low)

Medium – Time management and catching up.

Overdue Tasks

Prototyping the rest of the wireframes.

Issues

No issues besides time.

Follow-up Actions – (Responsible Person)

Update Gantt chart, finish wireframes, create database design, and midterm presentation.
